Mr. Abe Manley,
Newark, N.J.

My dear Mr. Manley:—

I am very much interested in the promotion of a Negro National baseball Club here in my park, and in talking to Mr. Douglass Smith of this city, he informed me that he felt sure you would be pleased to look over my plant here and that you and your team will be in Baltimore Sunday July 3rd and if so, I shall be pleased to have you visit me on the morning of July 3rd, if not then, any other hour that may suit you.

I feel that if you see the place, you will be in a better position to discuss matters that may be mutually beneficial to all of us. Hoping to hear from you

I am very truly yours,

P.S.
Mr. Smith will show you down—

J. H. Thomas M.D.
